# TENANT OVERVIEW

When Chipotle opened its first store in 1993, the idea was simple: demonstrate that food served fast didn't have to be a "fast-food" experience. Chipotle uses high-quality raw ingredients, classic cooking methods and distinctive interior design--features that are more frequently found in the world of fine dining. When the company was founded in 1993, there wasn't an industry category to describe their philosophy. Some 20 years and more than 3,700 restaurants later, Chipotle competes in a category of dining now called "fast-casual," the fastest growing segment of the restaurant industry, where customers expect food quality that's more in line with full-service restaurants, coupled with the speed and convenience of fast food.
